

During May, Brisbane Airport Corporation (BAC) will continue work on a number of projects that will improve pedestrian access and safety, and increase the number of parking bays in the Domestic Terminal precinct.

Important Information: Gateway Upgrade Project

Closure of northbound Gateway Motorway off-ramp to Southern Cross Way from Sunday 22 – Tuesday 24 May

- Night-time full closures of the Gateway Motorway off-ramp to Southern Cross Way (formerly Old Gateway Motorway) will occur from 22 – 24 May, weather permitting, to lay road surface.
- The closure and detour will be in place each night between 8pm and 4.30am.
- Access to the City, Eagle Farm and Southern Cross Way will be via the new Gateway Motorway off-ramp to Kingsford Smith Drive.

Closure of southbound off-ramp to Lytton Road, Murarrie from Friday 27 – Saturday 28 May

- A full closure of the Gateway Motorway south-bound off-ramp to Lytton Road will occur between 8pm Friday 27 May and 4.30am Saturday 28 May to lay road surface, weather permitting.

For more information on these closures, traffic alerts or detour maps visit www.gatewayupgradeproject.com.au or contact the Project Team on 1800 700 525.

Closure of Gateway Motorway south-bound exit (Exit 108) to Moreton Drive and Brisbane Airport on Saturday 28 May

The Gateway Upgrade Project team has advised BAC that the following works will take place during May.

- The Gateway Motorway south-bound exit to Moreton Drive will be closed between 10pm Saturday 28 May and 6am Sunday 29 May, weather permitting, to conduct necessary repair work.
- Motorists travelling south will be detoured via Southern Cross Way and the Airport Drive and Southern Cross Way intersection (see Figure 1: Detour Map).

- Traffic control and visual message boards will be in place to direct motorists.
- Please allow sufficient time to accommodate for the expected traffic delays.
- A 3.5 metre top and bottom width restriction will be in place. Wide load operators are advised to contact the project team on 07 3906 5700.

For any questions or concerns, please contact Queensland Motorways on 07 3906 5700 or visit qldmotorways.com.au.

Domestic Terminal Upgrade Project

New Multi-Level Car Park (MLCP) at Domestic Terminal

Work on the new multi-level car park is continuing in the Domestic Terminal precinct.

- Up to level six (south) and level three (north) of the nine-level car park has been poured.
- The new car park will open progressively from early June to October 2011.
- Towards the end of May, car rental companies will relocate from their temporary areas to Level 1 (Ground) of the new car park.
- Public parking in the new car park is expected to start from late August 2011. Further information will be provided in future editions of the Traffic Update.
- Works to lay a temporary road connecting the new car park to the car rental road will occur in May. These works will cause little or no disruption to traffic.

On completion, the car park will provide an additional 5,000 parking bays, bringing the total number of bays in the Domestic Terminal precinct to around 9,000.

Northern Walkway

- To facilitate the car rental relocation and further construction of the new car park, the walkway closest to the Qantas end of the terminal (the Northern walkway) will be moved under the new car park structure during the second week in May.
- When the new walkway is operational it will be closed between 11pm and 5am each night for seven days to facilitate construction works.
- During the night time closures of the new Northern walkway passengers will be directed to use the walkway at the other end of the terminal. Assistance will be on hand during these night closures.

Domestic Terminal Upgrade Project (continued)

Domestic Terminal Access Project (DTAP)

- Construction continues on the undercover elevated walkway that will connect the MLCP and the Airtrain platform to the Domestic Terminal.
- The walkway will allow pedestrians to walk safely into the terminal and avoid road crossings.
- Throughout May night works will occur on the roads in front of the terminal to install gantry structures to allow construction of the pedestrian overpass.
- When the support structure is in place there will be a height restriction of 3.8 metres. Height bars will be erected at the precinct entry to indicate the height restriction.
- Work is scheduled to commence on the driving of concrete piles inside the works compound during the last week of May.

Taxi rank at Domestic Terminal (Figure 2)

To facilitate work on the DTAP, the taxi rank near the terminal has been split. Signage will direct passengers to the ranks. The taxi rank will change back to a single rank in around August 2011.

Meeting points in temporary short-term car parks (Figure 3)

- Avoid the busy terminal roads and pick up or farewell passengers in the Qantas or Virgin short-term car parks.
- Pay only \$2 for up to 15 minutes' parking.
- Drop off or pick up in less than 15 minutes and avoid the normal parking rates that apply after the first 15 minutes.

CONVENIENT PARKING PAYMENT OPTIONS AT THE EXISTING MULTI-LEVEL CAR PARK

New technology at multi-level car park at the Domestic Terminal allows you to choose your payment option.

1. Swipe your credit card at the entry and exit boom gates and you're in and out with no paper tickets or queues at pay machines.
2. Collect a paper ticket on entry, pay by cash or credit card at the automatic pay machines on any level of the MLCP.
3. Collect a paper ticket on entry and then pay at the exit boom gate pay machine by first entering your ticket, then your credit card.

Motorcyclists only

Collect a paper ticket and present it to the new customer service window for verification on entry.

Figure 2: Changes at Domestic Terminal for construction of DTAP

Figure 3: During construction there is plenty of parking for airport visitors in two temporary car parks, best for stays of up to 4 hours. Signage is in place to direct visitors.

Airport Roundabout Upgrade

The Airport Roundabout Upgrade Project contractor, Thiess John Holland (TJH) has announced the project is now near completion.

- To minimise impacts to traffic, some activities will be carried at night and during weekends.
- Traffic controllers, signage and visual message boards will be in place prior to all traffic changes to direct motorists.
- Please allow sufficient time to accommodate for the expected traffic delays during peak travel periods.

Works on-airport

Airport Drive and The Boulevard (road from Airport Village)

Works along the inbound/outbound lanes of Airport Drive, including where Airport Drive connects to the Airport Flyover, as well as The Boulevard off-ramps and on-ramps will be ongoing. This will involve some single and double lane closures.

Works off-airport

Nudgee Road Intersection, East West Arterial Road & Southern Cross Way

Single and double lane closures including detours will be required during these works. Please follow directional signage and take alternate routes if available.

GUARANTEED UNDERCOVER SPACE NOW AVAILABLE AT THE DOMESTIC TERMINAL MULTI-LEVEL CAR PARK

Save time by self-parking in BAC's Guaranteed Space area, located next to Valet parking on level three of the Domestic multi-level car park. Spaces are limited and available by pre-booking online only at www.bne.com.au

Features:

- Guaranteed undercover space
- If space is unavailable BAC will valet park your car and waive valet charges
- Option to use your credit card as your ticket to enter and exit the car park via the express ramps
- Open 24 hours a day, 365 days a year
- All major credit cards accepted

For just \$10 extra per day plus normal parking rates, book online and bring your booking receipt. Simply follow the signs to **PARKVALET** and use the speed entry ramp to avoid any car park queues.

PARK GLOBAL TO FLY LOCAL

Avoid delays in the Domestic Terminal precinct – park at the International Terminal and with your valid parking ticket travel free on the orange T-bus to the front door of the Domestic Terminal.

No queues, no diversions and a transfer to the doorstep of either Qantas or Virgin Blue. Choose one of the 1,700 undercover bays and go to the bus stop on Level 2 of the terminal. T-bus runs from 5.10 am to 10.50 pm daily, leaving every 20 minutes and every 10 minutes in peak. Parking for seven days is just \$99.
