

Your guide to Brisbane Airport

Accessibility Journey Planner

Welcome

Brisbane Airport Corporation is committed to ensuring our airport is accessible and inclusive for all.

This guide is for people who have accessibility requirements and may require additional assistance as a passenger or visitor at Brisbane Airport.

In this booklet we'll cover getting to and from the airport, parking, transferring between the terminals and moving around the terminals as well as the services and facilities you'll find at the airport.

If you can't find what you're looking for, please visit our website: www.bne.com.au for further information.

TIP: If you require assistance through Brisbane Airport, we recommend you contact your airline or travel agent at least 48 hours before travel to discuss your special requirements.

You'll find the contact phone numbers for all airlines - www.bne.com.au/airlines or on your airline booking confirmation.

Contents

Once you've made contact with your airline to see what assistance may be available to you, the next thing to do is plan your arrival. Here's what's covered in this guide:

Arriving at the Airport

- ◆ How do I get to Brisbane Airport? 5
- ◆ I'm driving to Brisbane Airport, where do I park? 5
- ◆ What are the other parking options at Brisbane Airport? 6
- ◆ If I am being dropped-off or picked-up, where do we go? 7
- ◆ If I need to be escorted into the terminal, where does my driver park? 12
- ◆ What time do I need to arrive at the airport? 14
- ◆ If my flight is delayed, where does my driver wait? 15

At the Airport

- ◆ How do I check-in for my flight? 17
- ◆ What should I do if I need help moving through the terminal? 18
- ◆ Who do I contact if I need help getting on and off the plane? 18
- ◆ What if I'm travelling with an assistance animal? 19
- ◆ How do I transfer between the Domestic and International Terminals and Skygate? 20
- ◆ What services and facilities are offered by Brisbane Airport? 21

Security Screening

- ◆ What do I need to do at security? 25
 - What do I need to know if I'm flying internationally? 26
 - What should I do if I have medical implants? 26
 - What should I do if I have artificial limbs or prostheses? 26
 - What should I do if I use walking or visual aids? 27
 - What should I do if I use a wheelchair? 27

Further Information

42

1 Arriving at the Airport

How do I get to Brisbane Airport?

Getting to Brisbane Airport is easy.

You can travel to Brisbane Airport by train, bus, private transfer, taxi or ride-share (like Uber).

i For more information about public transport options to Brisbane Airport, visit: www.bne.com.au/passenger/to-and-from-airport

I'm driving to Brisbane Airport, where do I park?

There are dedicated accessible parking spaces at both terminals. You'll need to display a valid Disability Parking Permit to use these spaces.

You'll find accessible parking spaces marked:

International Terminal

Multi-level Car Park (Levels 1-5)

Domestic Terminal

Multi-level Car Parks P1 (Levels 2-9) and P2 (Levels 1-6)

How far away is the car park to the terminal?

Lifts and walkways connect the car parks with the terminals.

Car parks to main terminal entrance	Minimum travel distance (metres)
International Car Park	94M
P1 Domestic Car Park	164M
P2 Domestic Car Park	250M

1. ARRIVING AT THE AIRPORT

What are the other parking options at Brisbane Airport?

ParkValet

Our valet service is also accessible. Find ParkValet at both terminals, located close to the terminal entrance.

ParkLong

ParkLong at the Domestic and International Terminal for the closest long term parking to the terminals.

ParkShort

ParkShort if you are meeting family and friends. It's ideal for short term parking up to four hours.

AIRPARK

AIRPARK is Brisbane Airport's budget long term parking option. Operating 24/7, park your car, jump on the shuttle bus and be dropped off right at the terminal door.

TIP: Book your parking online in advance of your trip and save, with great discounts available for long and short term parking.

For more information about parking at Brisbane Airport:

www.bne.com.au/parking

If I am being dropped-off or picked-up, where do we go?

There are designated areas at the Domestic and International Terminals for picking-up and dropping-off passengers with accessibility needs.

Domestic Terminal

The passenger pick-up and drop-off road has six (6) designated accessible parking spaces. You'll find these spaces centrally located under the skywalk pedestrian walkway, 164m from the terminal doors.

If your driver wishes to escort you into the terminal from here, they will be required to display a valid Disability Parking Permit or identify themselves to a Kerbside Officer who have the discretionary capability to allow people without a valid permit to utilise these spaces.

Vehicles can park in these spaces for up to 30 minutes.

If however, you need to be dropped off closer to the terminal, there are two (2) spaces on the Taxi drop-off road for accessible pick-up and drop-off. These need to be booked 24 hours in advance by calling 07 3406 3261. These spaces are 50 metres from the terminal entrance. When you book you'll be given directions on how to access this area.

International Terminal

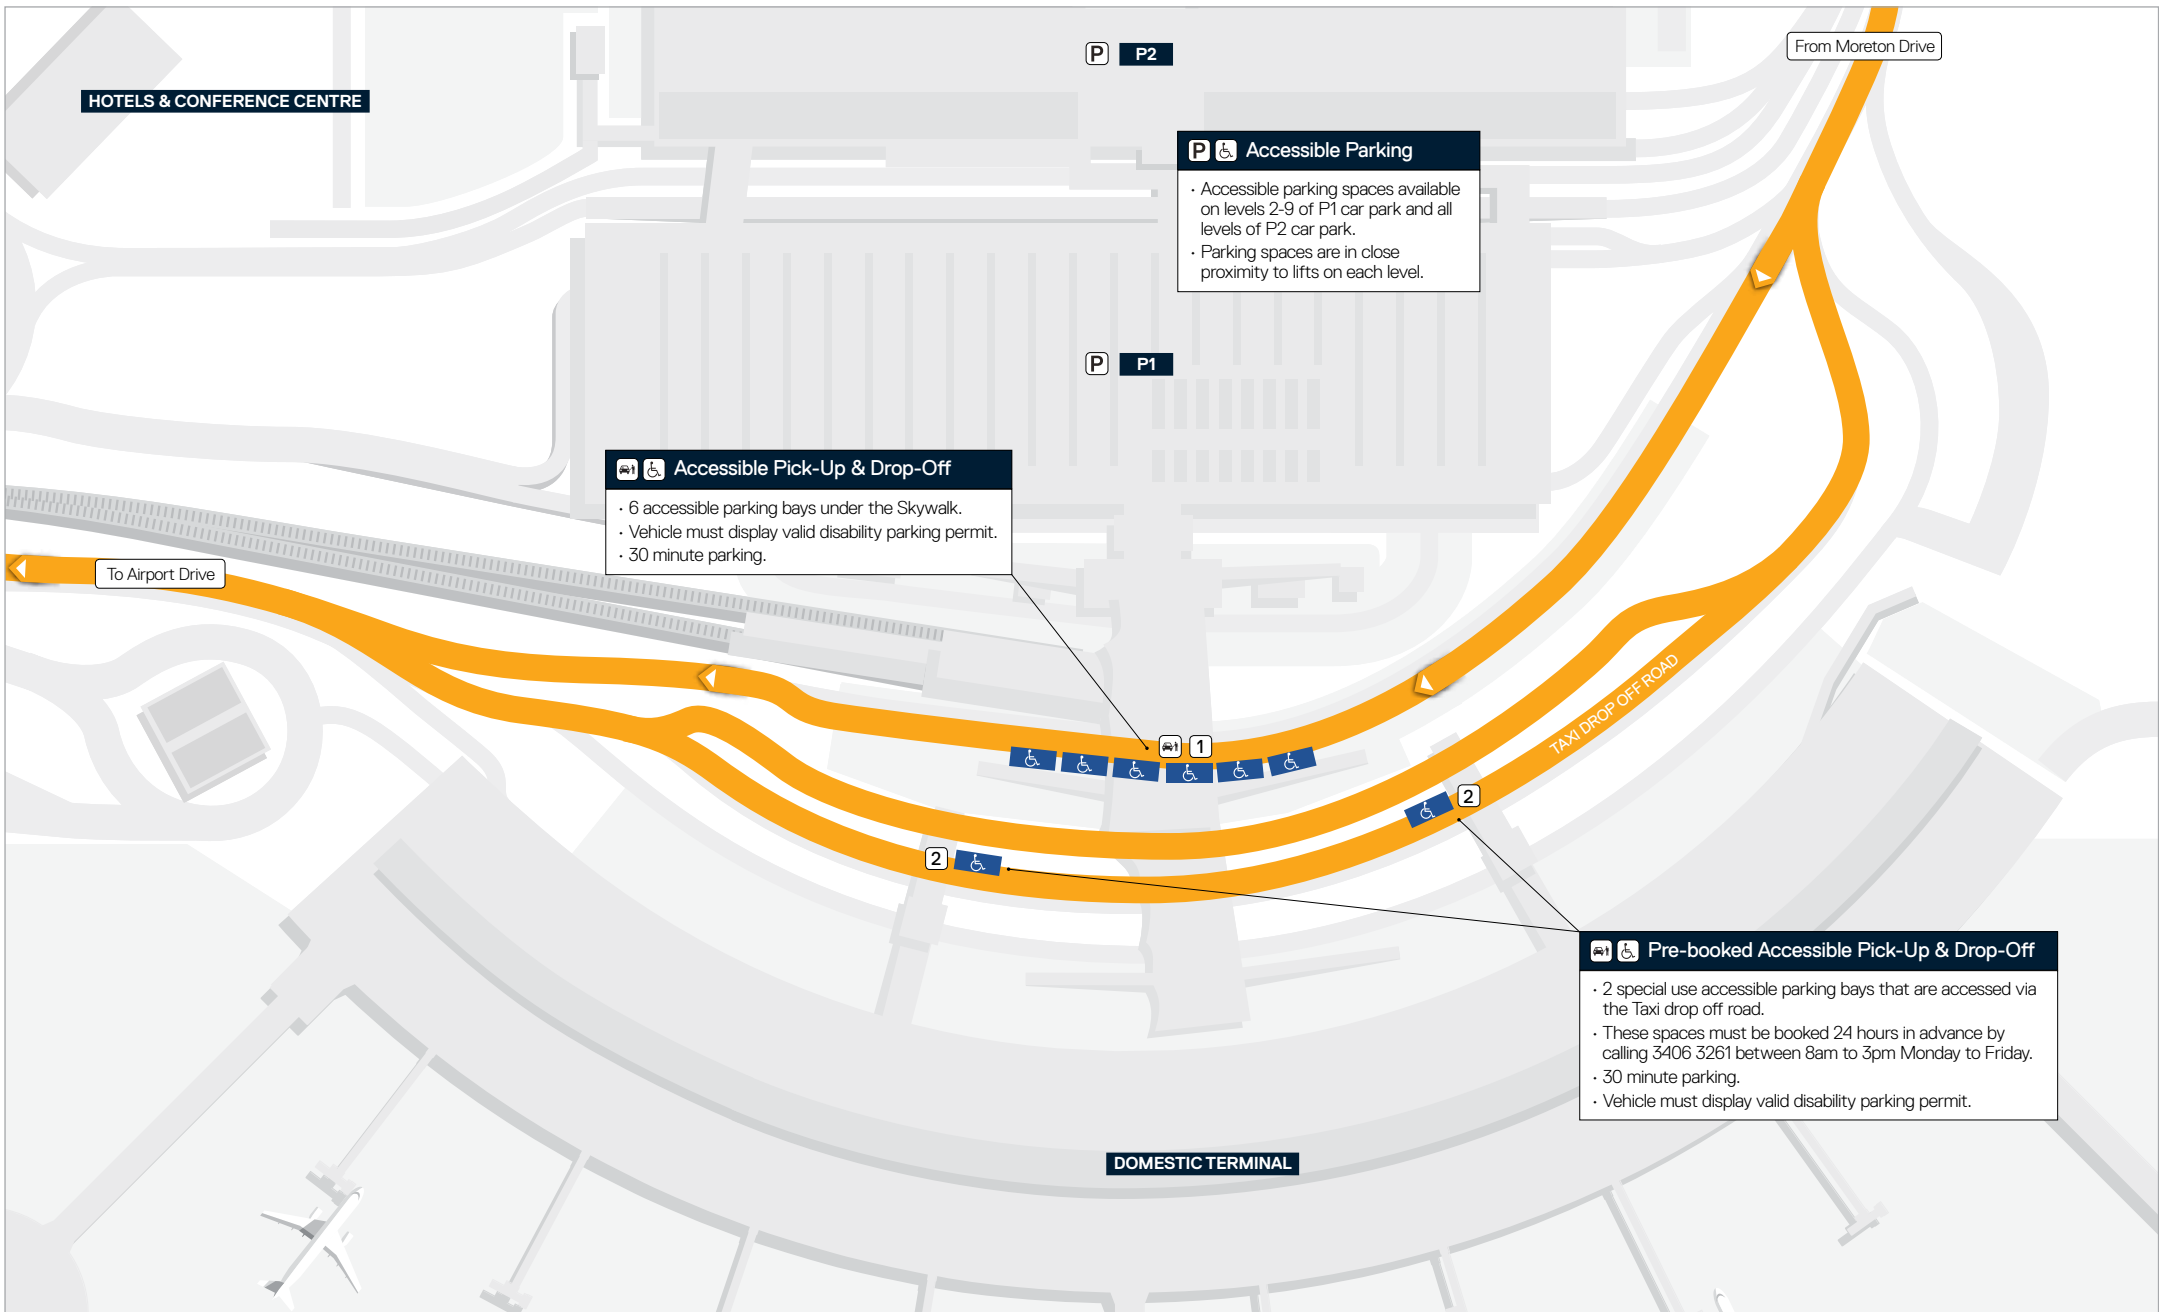

There are two (2) designated accessible spaces available on the departures road on level 4, in front of the terminal entrance for pick-up and drop-off. For safety and security reasons, these spaces only have a five (5) minute stopping limit.

If you need to be escorted to and from the terminal, your driver will need to park in the short term car park. Accessible parking spaces are available on all floors of the multi-level car park.

For more information about pick-up and drop-off:

www.bne.com.au/passenger/passenger-information/special-assistance/getting-here

1. ARRIVING AT THE AIRPORT

If I need to be escorted into the terminal, where does my driver park?

We offer short-term parking solutions for this very instance - for drivers to escort passengers with accessibility needs into the terminal.

Domestic Terminal: Passenger Departures Pick-up Road and Taxi Road

At the Domestic Terminal there are six (6) accessible spaces on the Passenger pick-up and drop-off road.

Vehicles with a valid Disability Parking Permit can park their car for up to 30 minutes in these spaces and assist passengers to and from the terminal. If you don't have a valid Disability Parking Permit, you can identify yourself to a Kerbside Officer, who has the discretionary capability to allow people without a valid permit to utilise these spaces.

There are also two (2) spaces located closer to the terminal entrance on the Taxi drop-off road.

If you require use of one of these spaces, please call our reception 07 3406 3261 between 8:00am to 3:45pm Monday to Friday. Please note, you'll need to provide at least 24 hours notice to book this space.

Domestic Terminal: Short-term Parking

Another option is to park in the short-term parking in the P1 multi-level car park. There are accessible parking spaces available close to the lifts, and access to the terminal is undercover across the Skywalk.

International Terminal: Short-term parking

At the International Terminal, your driver will need to use short-term parking if they wish to escort you into the terminal. You'll find accessible parking on all levels of the International Terminal multi-level car park, a short 94 metre walk to the terminal doors.

TIP: For great savings on parking - book online at least one (1) hour ahead of your trip.

To book your parking online, visit:

www.bne.com.au/parking

1. ARRIVING AT THE AIRPORT

What time do I need to arrive at the airport?

Allow yourself plenty of time prior to your flight departure to check-in, clear security and get to your gate.

International Flights

Generally speaking, check-in counters for international flights open 3 hours prior to departure. If you want to be sure, please check with your airline directly.

Domestic Flights

Most check-in counters for domestic flights open 1.5 hours prior to departure.

If you arrive early, don't worry, the terminals offer some great services and facilities, whether it's finding a last minute gift, a bite to eat, or just settling in for some 'me' time.

In both terminals you'll find:

- A wide variety of stores
- Restaurants, cafes and bars
- Ample seating to rest before your flight
- Free WIFI
- Airline lounges
- Accessible facilities including bathrooms, showers, water fountains and hearing loops.

For more information on:

Shopping and Dining:
www.bne.com.au/shop

Terminal Services and Facilities:
www.bne.com.au/services

If my flight is delayed, where does my driver wait?

There's some great options for drivers to park and wait across the airport in the case of a delay.

Domestic Terminal

At the Domestic Terminal, you'll find the Public Waiting Area - a free 30 minute parking area where drivers can pull in and wait until their passenger is ready to be picked up.

The waiting area is located on Dryandra Road, between the Hotels and the P2 multi-level car park.

International Terminal

Whilst there's no waiting area at the International Terminal, there's some other great options available:

- Pull in at the Kingsford Smith Memorial and learn a little about Brisbane's aviation history.
- Call into the BNE Service Centre, fill up the car, grab a quick bite to eat, or even use the self service car wash.
- Drivers can also use the waiting area located on Dryandra Road near the Domestic Terminal.
- If you're super early, why not pop into Skygate, home of Queensland's only 24 hour Woolworths and get those essentials on your list?

TIP: For drivers wanting to meet passengers arriving off their flights, park in the short term parking at the terminal. Grab a great short term parking deal by booking online in advance.

Find out more: www.bne.com.au/parkshort

Want to keep an eye on a flight?

Download the BNE Airport App to get the latest updates at your fingertips

www.bne.com.au/app

For more information about where to wait, visit:

www.bne.com.au/wait

An aerial night photograph of an airport terminal and an elevated train system. The terminal building is illuminated, and the train tracks are elevated on concrete pillars. A train with yellow and green cars is visible on the tracks. The scene is lit with warm yellow lights, and there are some light trails from vehicles on the ground. A dark blue rectangular box is overlaid on the left side of the image, containing the text '2 At the Airport'.

2 At the Airport

How do I check-in for my flight?

Brisbane Airport has two terminals – Domestic and International. The terminal you are flying out of will be named on your ticket.

Check-in Domestic Terminal - Level 1

Look for signs pointing to your airline for check-in.

Check-in International Terminal - Level 4

Look for signs pointing to your airline for check-in.

Both terminals provide the option of self-service check-in kiosks and bag drop services or traditional check-in desks, operated by a staff member.

If you need any assistance during this check-in process, please ask one of the Brisbane Airport Ambassadors or ask airline staff for help.

TIP: Need help with your luggage?

Luggage trolleys are free at the International Terminal and available for a small fee at the Domestic Terminal to assist you during your time at Brisbane Airport.

For more information about check-in and baggage, visit:

www.bne.com.au/baggage

2. AT THE AIRPORT

What should I do if I need help moving through the terminal?

If you require assistance moving through the terminal please contact your airline before you travel to arrange this.

Wheelchairs

Some airlines may not allow your personal wheelchair to be used for security and safety reasons, and may require you to use an airline wheelchair instead. We recommend contacting your airline well in advance of your travel to clarify the situation and arrange an airline wheelchair where required.

TIP: Be sure to let your airline know of your assistance requirements well in advance of your trip.

Who do I contact if I need help getting on and off the plane?

Your airline can assist you with getting on and off the plane.

At Brisbane Airport the majority of flights use aerobridges to connect the gate with the aircraft. However in some instances there may be a requirement for passengers to use stairs to access the aircraft.

Your airline will make arrangements based on your requirements to access the aircraft.

What if I am travelling with an assistance animal?

Assistance animals are very welcome at Brisbane Airport.

Assistance Animals will also be subject to security screening, which may involve a pat-down search or search with a hand-held magnetic wand around the animal's harness.

Assistance Animal Facilities

Special toilet and watering facilities for assistance animals are available in both our terminals.

You'll find them:

- Domestic Terminal – on Level 2 in the central terminal area (near Gate 25), after security screening.
- International Terminal – on Level 3 in the departures area, after security screening and passport control.

2. AT THE AIRPORT

How do I transfer between the Domestic and International Terminals and Skygate?

Brisbane Airport runs complimentary bus transfers between the Domestic and International Terminals and the Skygate Centre. All of our transfer buses are accessible.

You'll find stops for the transfer buses outside each of the terminals - just look for the orange terminal transfer signs.

Hours of Operation

Approximate journey time - 10 minutes

- ◆ 4:00am - 6:00am - every 25 minutes
 - ◆ 6:00am - 7:00pm - every 10 minutes
 - ◆ 7:00pm - 11:00pm - every 25 minutes*
- *after 11:00pm, utilise the AIRPARK Transfer Bus service*

TIP: When arranging connecting flights between International and Domestic, allow two (2) hours between flights to give you stress-free time to clear immigration, check your bags, transfer and go through screening for your next flight.

For more information about terminal transfers, visit:
www.bne.com.au/transfers

What services and facilities are offered by Brisbane Airport?

Named Australia's most inclusive airport, we're proud to offer a number of accessible services and facilities at both terminals.

Assisted listening systems and hearing loops

You can find a number of hearing loops throughout the terminal. Look for the location maps which are displayed throughout the terminals.

Brisbane Airport Ambassadors

Our Brisbane Airport Ambassadors are volunteers who work across both terminals answering passengers questions.

You'll find the Airport Ambassadors roaming the International Terminal and at the Visitor Information Desk of the Domestic Terminal. Look out for the people wearing blue shirts with a yellow 'i' information icon.

Information Signs & Boards

All directory boards throughout Brisbane Airport incorporate tactile and Braille features.

Flight information screens are displayed in all public locations in the airport precinct. Importantly, the information displayed on the screens is supplemented by public address announcements to ensure you know when your flight has been called.

2. AT THE AIRPORT

Lifts

Lifts and travelators are available throughout the terminals and transport precincts. We recommend passengers with limited mobility use lifts where possible.

First Aid Kits

First aid kits and Automatic External Defibrillators (AEDs) are located in public areas throughout the terminals for emergency situations. In the instance of a medical emergency, please call 000.

First Aid Rooms

If you are injured or become ill at Brisbane Airport, there are first aid facilities and trained staff at both terminals. If you require assistance, please call 07 3406 3171 and make yourself known to the Duty Coordination Manager. If you have a medical emergency – please call 000.

Parent Rooms

Baby change facilities and dedicated parent rooms are located throughout both terminals in the arrivals and departures areas.

Our parents rooms have facilities including microwaves, baby change facilities, nursing areas and toilets.

TIP: Brisbane Airport has free high-speed Wi-Fi for your device. Find it across all areas of the International Terminal and in the central area of the Domestic Terminal. To find it, simply select 'BNE Free Wi-Fi' from the available networks.

Pharmacies

You'll find essential travel supplies at the NewsTravels outlets in both terminals. At the Domestic Terminal, you'll find a more comprehensive selection at the Airport Pharmacy. If you need the services of a pharmacist, there is a chemist at the Skygate Centre. For details on the free transfer bus that connects both terminals with Skygate, see page 20.

Toilets and Showers

Accessible toilets are available throughout all areas of each terminal. Accessible shower facilities are available on Levels 2 and 3 of the International Terminal.

Changing Places

On Level 1 of the Domestic Terminal you'll find our first 'Changing Places' bathroom facility, which provides additional space for people with profound disabilities and their carers to use the amenities more comfortably.

For bathroom locations check the Terminal Maps at the back of this guide.

Water Fountains

Filtered cold water fountains are available throughout the terminals.

Boiling water is also available in the International Terminal on Level 3 after Security Screening and Passport Control. For locations check the Terminal Maps at the back of this guide.

 **Need to know more? For a full list of our services and facilities, visit:**
www.bne.com.au/services

3 Security Screening

What do I need to do at security?

It is a requirement that all passengers and visitors and their belongings are screened before entering the departures areas of the terminals.

Whilst there's no 'opt out' for passengers with disabilities, you can request an alternative method of screening if you have requirements which preclude you from participating in the routine airport screening process.

Routine screening includes:

- Body scanning
- Belonging scanning
- Explosives test

You can read more about the process online:

www.bne.com.au/security

TIP: If you think you or someone you are travelling with will require special assistance at security screening points, please notify your airline before you arrive at the Airport.

3. SECURITY SCREENING

What if I am flying internationally?

In addition to regular security screening, when flying internationally, passengers will need to comply with limits on travelling with liquids, aerosols and gels in carry-on baggage.

At a glance:

- In carry-on baggage, passengers are only able to take liquids, aerosols and gels in containers up to 100ml in size.
- These restrictions affect items such as drinks, creams, perfumes, sprays, gels, toothpaste and other similar substances.
- Any liquids, aerosols and gels must be stored in a resealable transparent plastic bag that measures approximately 20cm x 20cm.
- Duty free goods in a sealed bag can be taken on board.
- Exceptions apply to baby products, medical (prescription and non-prescription) items and special dietary requirements.

For more information visit:

www.bne.com.au/flyinternational

What should I do if I have Medical Implants?

If you have medical implants such as pacemakers, insulin pumps or cochlear implants, please request a private screening with a Screening Officer.

What should I do if I have artificial limbs or prostheses?

If you have artificial limbs or prostheses, let the Screening Officer know before you walk through the metal detector so alternate screening can be arranged.

What should I do if I have walking or visual aids?

Walking aids and visual aids, such as long canes, will be subject to security screening. You can ask a Screening Officer for assistance if you need help walking through the screening process.

What should I do if I use a wheelchair?

If you use a wheelchair you will still need to be physically screened. If you can stand, but not walk, you will be cleared with a hand-held metal detector. If you are unable to stand, you will be screened by a pat-down search undertaken by an officer of the same sex. If you would prefer this to be done in private room, just ask a Screening Officer to arrange this.

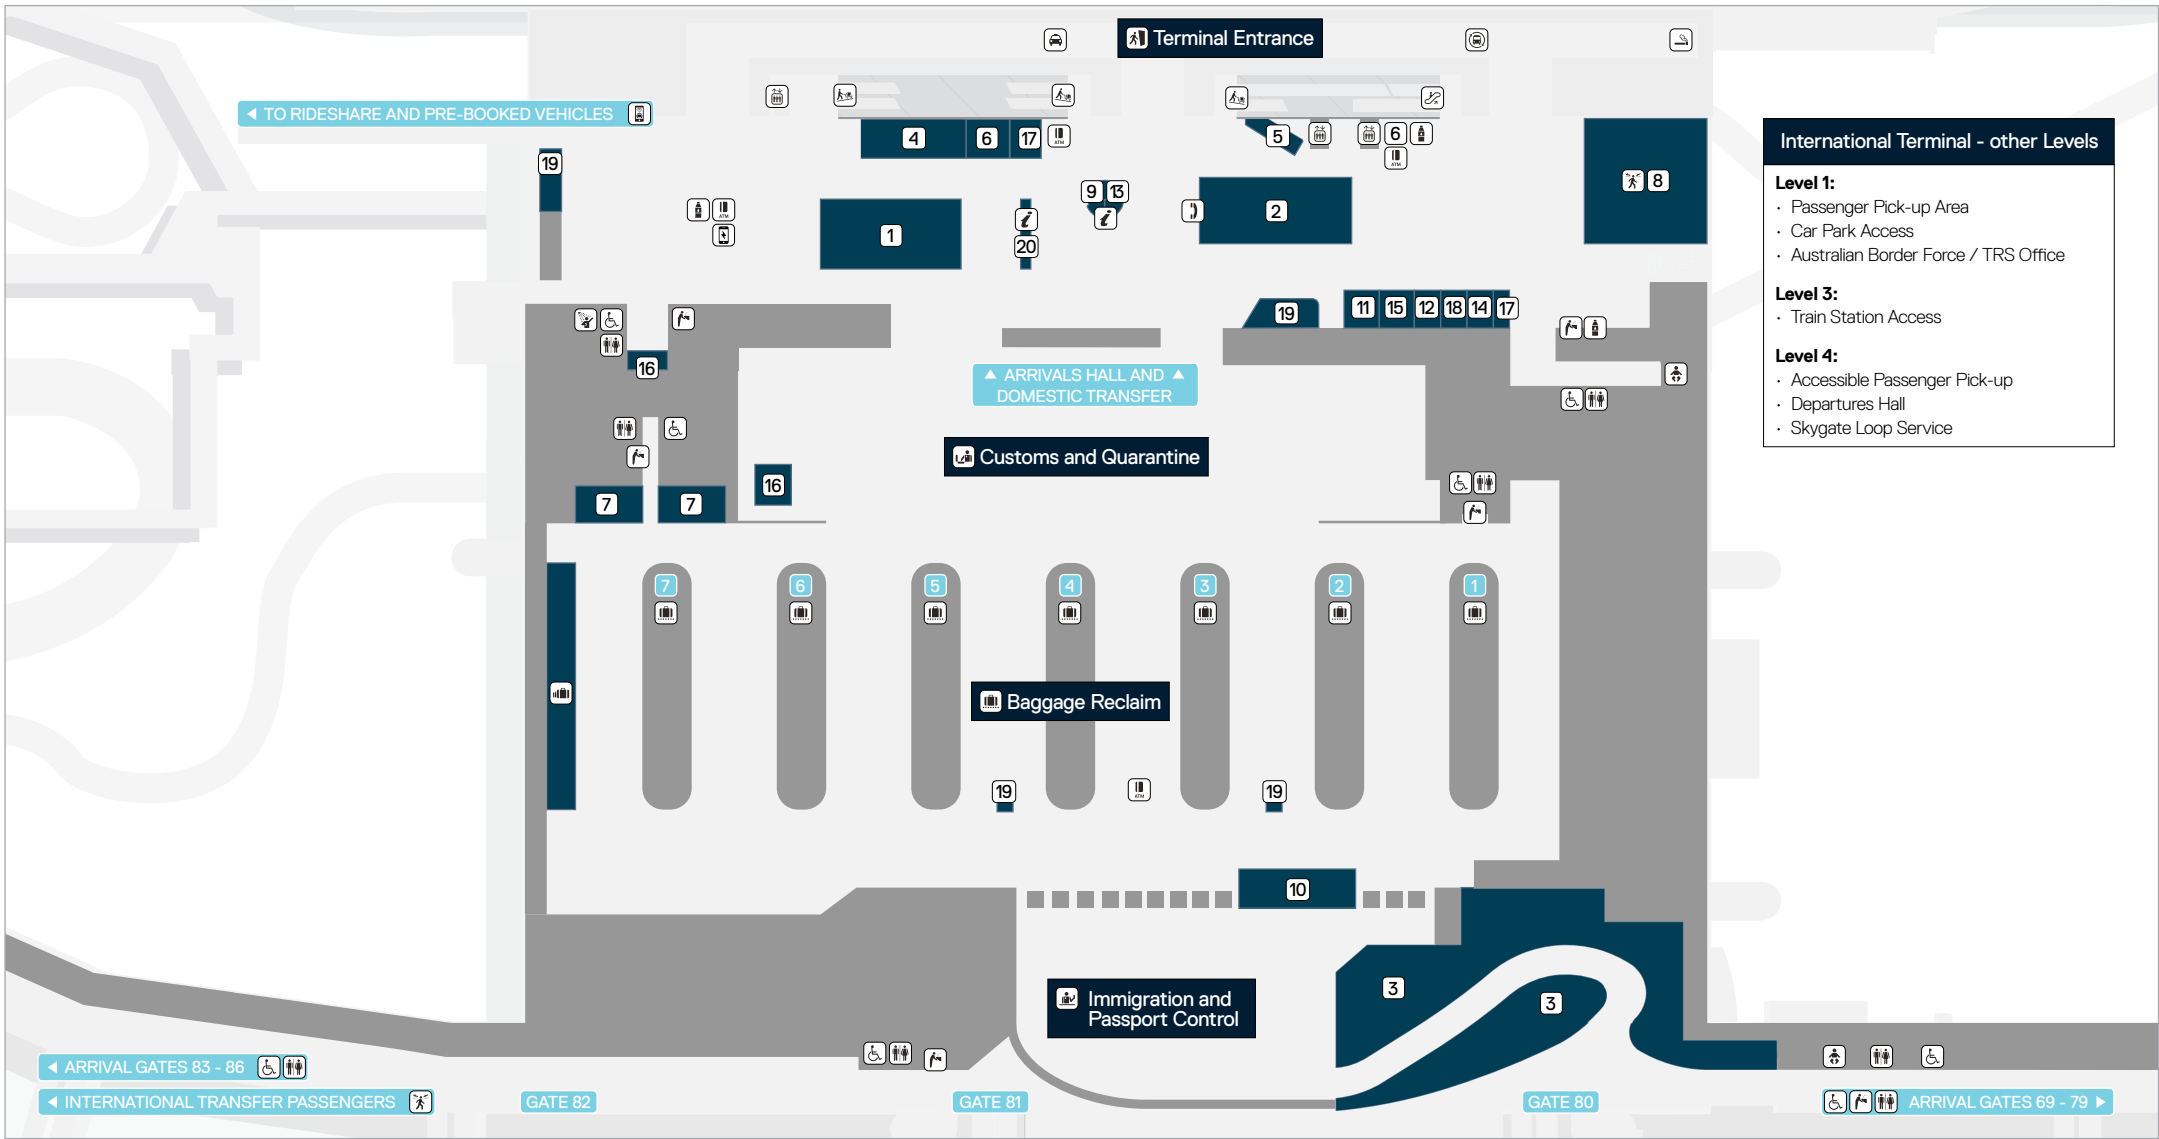

TIP: If you require assistance through screening, please make your Airline aware. If you have any questions please ask a Screening Officer.

For more information about security screening with special needs, visit:

www.bne.com.au/assistance

APRIL 2018

4 Further Information

We are continually improving our services and facilities as part of our commitment to ensuring all passengers have a positive experience when using Brisbane Airport.

Airport Accessibility Reference Group (AARG)

As part of growing our commitment, Brisbane Airport set up an advisory group (AARG) to promote accessibility and to make our Airport an inclusive environment, whilst providing the best possible outcomes for everyone to use. The AARG meets on an annual basis and is represented by a number of disability groups and supporting organisations with the aim to discuss facilitation projects and advise Brisbane Airport on improving passenger experience.

Feedback:

We welcome your feedback and suggestions on how we can continue to improve our service. Feedback can be provided at any time via our online form, or by contacting the Brisbane Airport administration office during business hours.
